Parent Signature		Date	

June 15-19 August 10-14, 2020

Theme Week: Mayan Adventure Camp – Your task this week is to use bricks, beams, motors, gears, (Builders), and EV3 Mindstorms (Engineers) to build and program machines to help archeologists explore and make discoveries in an ancient Mayan Temple. Your robot may cross dark places, pull a key out of a secret hiding place, drop balls into a basket to open the final door, and . . .

June 22-26 August 17-21, 2020

Challenge Week: Lego Challenge

Your task this week is to design, build and program a solution for daily challenges. Builders group (grades 1-3) will build motorized or simple machine models and WeDo creations to earn "Robobucks" by completing challenges. Engineers group (grades 4-7) will build an EV3 robot and program it to go through mazes, push objects on a game board, use sensors, and complete missions on the FLL "Into Orbit" Robot Game Board.

The camp meets in several rooms on the second floor of Westminster Congregational UCC Church building (4th Avenue and Washington St.). Enter on 4th Avenue east door. Campers need to bring along a lunch. The whole group will walk to the Cowley Park (6th + McClellan) for lunch and a play break outside during the lunch hour. (There may be a gathering for parents at the end of the week from 2:00 – 3:00 pm, Friday, depending on COVID phase.)

Payment to: Lorna Kropp – FLL Spokane / Mail Registration form to: Discovery Group Robotics Summer Camp, 3311 E. Donora Ct., Spokane, WA 99223 (509-294-3642)

Space limited – 8/10 each group. Watch website for latest: www.discoveryrobots.org
